TRAVERTINO

HEATED LOUNGER

Austrian Travertine Ceramic Heated Lounger for villas, yachts, hospitality & resorts

Handcrafted in Austria. A sculptural piece of 3D ceramic that brings together warmth, architecture and deep restoration in an iconic form. Each lounger is crafted in our Austrian manufactory – weighing approximately 120 kg / 265 lbs and carrying the presence of a singular work of design.

DESIGNED FOR PLACES WITH CHARACTER

01 PRIVATE VILLAS A tranquil centrepiece for private spa suites, terraces and places of retreat.	02 SUPERYACHTS & CRUISE SHIPS Marine-ready execution for exclusive decks and wellness environments.
03 LUXURY HOSPITALITY A distinctive signature piece for suites, spas and lounges.	04 MEDITERRANEAN RESORTS Architectural warmth for outdoor spas, pool decks and retreats.

3D Ceramic Design

A tactile surface with natural depth — inspired by the timeless language of travertine and precisely realised as three-dimensional ceramic on the sides of the lounge and at the base.

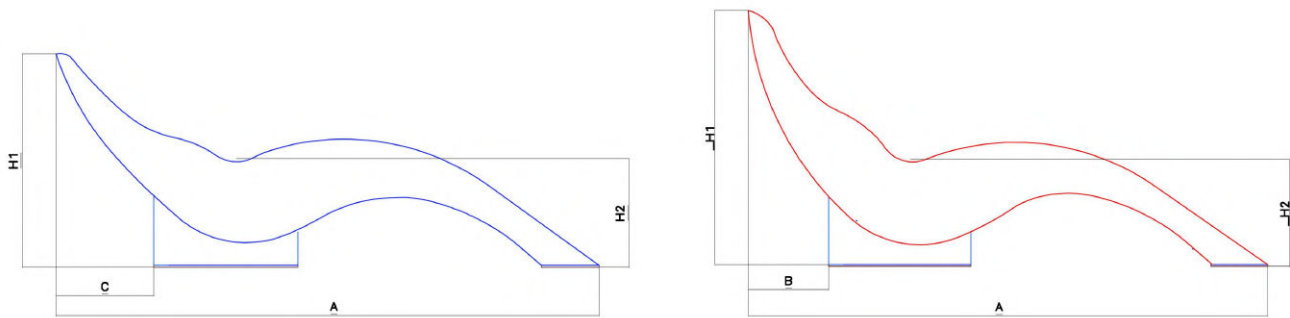

TECHNICAL DATA

SPECIFICATION		EXECUTION	
Weight		approx. 120 kg / 265 lbs	
Voltage		230 V / 50 Hz · 110 V / 60 Hz	
Power		620 W (230 V) · 755 W (110 V)	
LED lighting		3000 K warm white · sealed · IP67	
Temperature		adjustable · approx. 30–45 °C	
Electrical connection		rear standard IEC C13/C14 · optional concealed	
OPTIONS		BESPOKE WELLNESS	
– Logo overlay – Yacht mounting – Saltwater coating – 110 V configuration		Also available as a Double Lounger for generous, symmetrical spa compositions. Plan your project with SOLEUM.	

Production time: 12-14 weeks

LOUNGER DIMENSIONS

DIMENSIONS	LOW RECLINE (FLAT POSITION)	HIGH RECLINE (UPRIGHT POSITION)
Length (A)	2100 mm / 6'10.7"	2040 mm / 6'8.3"
Width (B)	377 mm / 14.8"	315 mm / 12.4"
Head Height (H1)	825 mm / 32.5 in	1000 mm / 39.4 in
Seat Height (H2)	420 mm / 16.5 in	420 mm / 16.5 in

SURFACE & CRAFTSMANSHIP

The TRAVERTINO lying surface is handcrafted to echo the quiet, layered character of travertine; no two loungers are ever alike. The reclining surface is enveloped in a smooth, resilient coating, while the sculpted 3D ceramic sides boast an exquisite travertine finish—faithfully capturing the stone's warm tones, subtle pores, and elegant veining for a seamless blend of artistry and durability.

Built through a multi-layered process, its seamless, elegant finish releases radiant heat with remarkable speed, allowing the lounge to **warm quickly and be ready for use**. A final two-component coating seals the surface, providing lasting protection.

SOLEUM® HEATED LOUNGERS – KEY CHARACTERISTICS

- ✓ Maximum comfort
- ✓ Fast heat-up time thanks to ~5mm layer thickness
- ✓ Seamless, waterproof coating
- ✓ Adjustable temperature up to 45°C
- ✓ Alexa and Google Assistant compatible
- ✓ Wi-Fi connection possible, app control (TUYA, Smart Life), programmable operating times
- ✓ 10-year warranty on heating mat, 2-year warranty on thermostat
- ✓ Elegant, timeless design
- ✓ Lightweight construction
- ✓ Additional built-in sensor protection tube (external sensor)
- ✓ Slim, encapsulated LED lighting, IP67
- ✓ Touch dimmer made of stainless steel, IP65
